

Notes on Homework #8 You Just Submitted
(C Programming for Beginners)

What would be the good name of this application? It could be `printstempstat.c` etc.

Also, it is a good idea to break problems in smaller module and write functions for them if you have not already/

Keep up the pace. Remember, one more homework assignment left then you are ready for your final project. Your final project will require sometime, so, you should focus on it now if you have not already
